ABOUT ME

As a recent graduate in Computer Science, I am an enthusiastic and ambitious individual eager to begin my professional journey. My strong foundation in programming and database management, coupled with excellent communication skills, enables me to collaborate effectively and contribute to impactful projects. I am passionate about leveraging my knowledge to solve challenging problems and deliver meaningful results

EDUCATION

Christu Jyothi Institute of Technology and Science <i>Computer Science & Engineering- CGPA – 8.2</i>	12/2020 – 06/2024
SRM Junior College <i>Intermediate - Percentage – 94.5%</i>	07/ 2018 – 03/ 2020
Maria Rani High School <i>Secondary School - CGPA – 9.0/10</i>	06 / 2017 – 04/ 2018

PROJECTS

MOVIE TICKET BOOKING SYSTEM

Developed a web-based Movie Ticket Booking System that allowed users to browse movies, select showtimes, and reserve seats. The system featured interactive seat selection, user authentication, and secure payment processing. As the team leader, I guided the team to successfully complete the project, ensuring seamless collaboration and timely delivery. The application was built using Django for backend administration, HTML for the frontend, and MySQL for database management, providing a robust and user-friendly platform for online ticket booking.

GROCERY MANAGEMENT AND BILLING SYSTEM

Developed a comprehensive Grocery Inventory Management System to streamline inventory management, billing, and sales tracking. The application, built using Python for the frontend and Microsoft Excel for data storage, allowed users to add, update, and delete inventory items, track stock levels, and generate detailed customer bills. As the team leader, I ensured timely project completion, supervised coding and debugging, and maintained quality standards throughout the development process. The system significantly improved inventory management efficiency by 70% and achieved 100% billing accuracy, enhancing overall operational performance and customer satisfaction.

HARD SKILLS

- LINUX - CentOS
- Programming Skills: C, Java , SQL., Javascript
- UI: HTML, CSS
- Cloud : AWS

SOFT SKILLS

- Leadership Abilities
- Effective Communication
- Conflict Resolution
- Adaptability and Critical Thinking
- Creativity and Presentation Skills

INTERESTS

- Playing Cricket
- Solving Coding Challenges
- Participating in Group Discussions and Events
- Giving Seminars
